Estimado amigo:

Le incluyo las cartas que le prometí. Si no lo hice antes fué porque creía que usted saldría de Puerto Rico el día 15. Me apresuro a remitírselas con la esperanza de que no le cause mucho inconveniente el recibirlas ahora.

Le deseo mucho éxito en su viaje.

Cordialmente,

Pedro Muñoz Amato

Dear Professor Emerson:

Don Francisco Ayala is a distinguished sociologist, visiting professor of our College of Social Sciences, and a very dear friend of mine. This is his first visit to the United States, and he has expressed great interest in knowing about Harvard University. I have told him of your merits as a scholar and as a person. I am sure that meeting you will greatly facilitate his becoming acquainted with Harvard University.

It is real pleasure for me to introduce him as an excellent representative of Spanish-American culture at its best.

Best regards.
