

Carta de William A. Koshland a Editorial Sudamericana (09/10/1961)

October 9, 1961

Dear Sirs:

We should like to consider if it is possible for publication in the English language in this country the work by Francisco Ayala bearing the title *Muertes de perro*. If by any chance the rights are free I wonder if you would be good enough to send a copy of the book to us and grant us a reasonable length of time in wich to have it read.

Yours faithfully,

ALFRED A. KNOFF, Inc.
